Office order

Sub:- Scheme of auto renewal of consents based on self certification

Board intends to initiate auto renewal of consent to operate for Green (investment more than 50 lakhs) and Orange categories of industries which will submit a self certification on compliance of Environmental regulations. The strategies for effective implementations of environmental regulations include enforcement and compliance aspects which are being handled simultaneously with the consent.

In order to expedite the consent, it is now proposed to emphasis enforcement and compliance as discrete activities along with the responsibility of declaring the compliance of regulations by the industry while seeking renewal of consent. Initially the proposed scheme of auto renewal of consent based on self certification will be rolled out for the Green and Orange categories of industries.

The key features of this scheme are as under:

1. The auto renewal of consent will be applicable for the industries when there is no increase in overall production capacity and also in pollution load.

2. In case there is increase in capital investment the industry shall submit corresponding fees for consent to establish and also difference in consent to operate fees.
3. In case, the capital investment is decreased, then the industry need to apply in prescribed application form.

4. Industry will have to submit a self certification on compliance of earlier consent conditions. This self certification shall be submitted by the authorized official of the industry, duly authorized by the owner/board of directors.

5. The auto renewal will be availed for maximum 5 terms subject to payment of requisite fees.

6. The format of self certification by industries is enclosed as Annexure-'A'.

Ranchi, dated: 29/6/15
DRAFT FORMATE FOR SELF CERTIFICATION OF COMPLIANCE BY THE INDUSTRY FOR AUTO-RENEWAL OF THE CONSENT TO OPERATE

To

The Member Secretary
Jharkhand State Pollution Control Board
Ranchi

Sub: Self Certification of Compliance for Auto Renewal of the Consent to Operate

Ref: Consent issued by the Board vide letter No.--------------------------------
Dated----------------- which is valid up to-----------

Sir,

We are submitting our consent renewal application form in prescribed format along with the necessary fees for the same. We wish to apply for auto renewal of our existing consent referred above. We undertake the following:

1. We have valid consent to operate from JSPCB vide above referred letter and copy of the same is enclosed. The present details of the manufacturing process and all other information as required under the prescribed consent application form are same as per the earlier consent application submitted for above referred consent and therefore the same may be considered for present application.

2. The capital investment of the industry, as the earlier consent granted by JSPCB vide above referred consent was Rs.-----------------lakhs. The Capital investment for the proposed consent auto-renewal is Rs.-----------------lakhs. (The change in capital investment, if any, is only due to investments in infrastructure development, clean technology, pollution control system and better production management. There is no increase in production or pollution load than as referred in the earlier granted consent. We are submitting corresponding fees for consent to establish and
also, difference in consent to operate fees since the block year the capital investment is made on pro-rata basis, duly supported by the chartered Accountants certificate to that effect.)

3. The production or manufacturing was as per the consented limits during the validity period of the earlier consent for which renewal has been applied.

4. We are complying with the consent conditions.

5. We undertake to comply with any further condition which may stipulated by JSPCB in future and also, undertake to pay all the charges/fees/demands in future.

6. This undertaking has the approval of the Board of Directors of the industry and copy of the resolution of the Board is attached herewith.

It is requested to approve the auto-renewal of the consent.

Thanking You.

Feature of OCMMS

This is a highly interactive menu driven, user friendly customized package for non specialist end users at local level. It has following features:

- Online Industry Registration
- Online Submission of Application, Approval, Clarification and other activities for CTE/CTO for all category of Industries/Institutions
- Online Scheme Monitoring and Evaluation System
- User management at all level, reviewers and approvals
- Online Workflow Management
- Reports / Query
- Download Facility – Forms, Documents etc.
- Multi level Security Enabled System
- Role based application access
- State Specific Customization

- Consent Management-

Consent To Establish for Red, Orange & Green Industries Including; Mines, Bio-medical Institutions/ Hospitals for Small, Medium and Large size industries.
Consent To Operate for Red, Orange & Green Industries Including; Mines, Bio-medical Institutions/ Hospitals for Small, Medium and Large size industries.

- Waste Management System (BMW, HWM, MSW)
- CESS Administration System
- Laboratory Management System
- Monitoring & Evaluation System
- Delivery System- Information, Alert and Notification through eMail etc.
- Advisory System – Bulletin Board, News etc.
- Report/Queries
- Frequently Asked Questions (FAQ)

Procedure for submitting online Applications

1. For making an application for obtaining consent to operate the applicant shall go through the State Pollution Control Board website at URL www.jspcb.org or http://jhkocmms.nic.in in the home page of the URL. Please click on “online application”.

2. Registration: Before submitting the application online, the applicant has to register, for the new users user ID and password is to be generated by clicking on the “New Industry Link of the website”.

3. The existing users who have ID and password they can login directly to OCMMS.
Home Page - Online Consent Management & monitoring system

- Industry user need to select “Industrial login” after registration to fill up their application immediately after signing up with OCMMS website and same login and password is to be used for subsequent applications.

**STEPS FOR ENTERING INDUSTRY DETAIL INFORMATION FOR NEW INDUSTRY REGISTRATION**

1. After filling all details of Industry Details there is an option to fill up Occupier details. In occupier details “Hint Question” is very important for user because it is required in the case of change in password or when password is forgotten.

2. E mail address is also important in occupier details. Because of this mail address user will receive information from OCMMS.

3. The next important point is “Do you want to send login credential in mail?” To receive information by E-mail ‘Yes’ is selected.

**Change Password Option**

On home page, the industrial user has to select “industrial login”, and user ID and password with captcha code are to be entered and login to be clicked. The first login shall be with auto generated password, however this password should be changed for security aspects.
1. The applicant can apply their consent application by clicking on “apply for consent”. The applicant has to select CTO, CTE and Authorisation under Hazardous waste (Management, Handling & Transboundary) Rule, 2008.

3. The user can save this application in his account for making some changes in application, user need to save this application by selecting “In progress” (at the bottom of page).

4. In progress application will not submitted to JSPCB office and can be modified by the user.

5. Once the applicant filled up the application form completely and upload all the required documents the applicant can select button ‘completed’ and followed by ‘save’.

6. Then window will open for online payment option. The applicant can select option for payment either by Credit Card/Debit Card/Internet Banking.

7. After successful online payment the application will reach to JSPCB Office.

8. Then application will be automatically submitted to the Regional Office.

9. Then scrutiny of application along with supporting documents is done and subsequent inspection is carried out.
10. On successful completion of inspection application is approved/rejected.

11. Upon approval certificate is issued online to the applicant.

12. The certificate can be downloaded by the applicant.

*NOTE*- Please note down the application number for future reference.
Business Process Workflow Management

1. Select "State>Define Workflow"
2. Select Industry Category (Red/Orange/Green)
3. Select Industry Type (Small/Medium/Large)
4. Select Process Type (CTE/CTO etc)
5. Click "Create Workflow" (Sequential/Parallel)
6. Select Role> Enter Level Sequence for Approval/Rejection/Clarification
7. Assign User profile with the role. Email ID and Phone details will be used for alert/notifications.

Email ID and Phone details of user profile will be used by application for alerts and notifications.

Industry type could be Small/Medium/Large etc.

Process Type:
- Consent to Establish
- Consent to Operate
- Inspection Process
- CESS Management etc
